SUBJECT: CIPC Topics

1. As a follow-up to our conversation this morning, I am attaching a marked-up copy of the NFIP Hearing Schedule. The three circled hearing topics are relevant to studies which the CIPC is presently undertaking. Any material coming out of the hearings which you can obtain would be most appreciated.

2. Attached also please find a listing of our new CIPC topics. Again I would appreciate your flagging material for us relevant to those topics.
